Premium Plus Textured

£119.99

Introducing the new Triangle Taper Premium Plus Textured freshwater lines. These textured fly lines offer numerous benefits including:

- Less friction in the guides due to less surface area
- Less drag
- Easier pick-up due to less surface area on the water
- Low line memory

Premium Plus Textured lines are tri-colour with two textures and welded loops to both ends.

Bamboo Special Tapers

Joan Wulff Signature

£79.99

An easy-casting weight forward floating fly line with a change of color between the weighted section and the handling and shooting line.

The 32'-38' head (depending on size) is ivory, the 8' handling line and shooting line are orange.

With this visual and tactile reference, this line helps to improve everyone's casting.

Predator Clear Sink Tip

£79.99

The Predator features a clear, intermediate, 10' - 12' tip built onto a floating, triangle taper line, creating an excellent line for stealthy presentations.

Excellent turnover and super-delicate delivery make the Predator perfect for nymphs and midges in still water.

Ambush Shorts

The Shorts compliment the standard Ambush by adding shorter heads for tighter fishing conditions.

Thinner running lines allow for less drag in the guides and better shooting ability. They also allow smaller D loops for double and single spey.

Ambush Clear Head

£79.99

The Ambush Clear Head adds a new dimension to Ambush lines - stealth.

Now a fly fisherman can enjoy all the roll casting, Spey, Skagit, switch and Scandi style casting advantages of the Ambush floating fly line with the added benefit of a clear, 20' intermediate sinking head.

Bermuda Triangle Taper Two Tone

£89.99

We have combined Joan's innovative colour coding system for easier loading and casting with the Bermuda Triangle Taper to create a great tropical line.

Built around a 16 strand, braided, monofilament core to withstand the wilting heat of tropical flats and blistering decks, this line will continue to cast like a rocket when others have folded up.

Accessories

The Fly-O

£49.99

The Fly-O is a 3' rod with 15 feet of bulky fluorescent yarn for casting practice. Requiring the same timing and nearly the same strength to push the yarn through the casting motions, it simulates fly tackle perfectly. For off-season or brush-ups. Instructional booklet by Joan Wulff included. Replacement yarn available. Can be used indoors or out.

Product Code

RWFLYO

Wristlok

An ingeniously simple device to improve casting ability. Prevents the caster from applying too much wrist on the backward stroke. One of the tried and true casting tools used for years in the Wulff school of fly fishing, the Wristlok helps casters develop the proper "feel" of the cast. A truly helpful tool for beginners (and old dogs!)

£24.99

Product Code

RWWL

Lee Wulff Fly Line Dressing

Go the distance with an application of our line dressing. Works with all fly lines, drying to a hard, slick finish that won't accumulate debris. Perfect for pre- and post-season clean-ups, and on the water for enhanced casting performance. Saltwater anglers keep their lines shooting freely and salt-free with regular dressings.

£14.99
